

Reduce Waste at Work:

Conduct a waste audit to determine what kind and amount of waste your company generates, and use that to set reduction goals & improve.

- Provide recycling training to all employees.
- Invest in equipment that prevents waste such as high-quality, durable, repairable equipment.
- Make double-sided copies.
- Place a tray or box near printers and copy machines so that single-sided sheets can be reused for notes/scrap paper.
- 'Recycle' your organic materials by composting! Start your own office worm bin for your food waste.
- Commercial businesses can bring yard waste **ONLY** to the compost facility at 1708 S. Armstrong Ave. Call 479.575.8398 for more information.
- Donate used equipment, furniture and supplies to charitable organizations or schools.
- Many Household Hazardous Waste (HHW) items can actually be recycled, but only at proper facilities. Contact Boston Mountain Solid Waste District HHW Drop-Off for more information at 479 846 3005
- Buy recycled products: 'Close the Loop'! Products made with post-consumer recycled content have a symbol like these:

The City of Fayetteville provides TWO free Community Recycling Drop-Offs. These drop-offs are open to everyone, not just Fayetteville residents.

Marion Orton Recycling Center

735 W. North Street
6am-5pm M, Tu, W, F, &
Sat 6am-7pm Thursday

City of Fayetteville Recycling Drop-Off

1420 S. Happy Hollow Road
Open 24 hours a day, 7 days a week

City of Fayetteville COMMERCIAL RECYCLING

Recycling Starts at Work!

WHY RECYCLE?

Reducing Waste Makes 'Cents'

- Commercial Waste makes up almost 40% of the City of Fayetteville's waste stream, and much of that can be recycled!
- Recycling services cost half as much as the comparable trash dumpster services!
- The more your business recycles, the less trash it produces, which reduces trash service needs.
- Recycling helps save resources, and keep valuable materials from filling up the landfill.
- Recycling creates more jobs than landfilling!
- Customers, employees, and the community notice when businesses are environmentally friendly.

RECYCLING DUMPSTERS

Commercial Paper:

Service: Once a week
Size: 4 yard container
Monthly Lease Fee: \$14.73
Monthly Price: \$32.76

Materials Accepted:

- Mixed Paper—Clean, dry paper including: newspapers & inserts, white office paper, magazines & catalogues, junk mail, cereal (& other paperboard) boxes, and telephone books.
